		AM Fulwood	£4,000.00		
		Robinsons	£4,800.00		
Control of scrub / woody vegetation (intermediate)	2 hectares	Smith	£5,000.00		
		Brown	£4,500.00	√	
		ABC Woodlands	£6,000.00		
		<b>Grand total excluding VAT, if VAT registered</b>	<b>£8,300.00</b>		

**For SSSI/European sites and Scheduled Monuments within these sites only, you must provide a robust justification for the use of actual costs where standard costs are available and detail the methodology to be used and any specialist requirements.**

NatureScot has confirmed that cutting of birch scrub and damming of ditches is essential to bringing the raised bog feature of Windy Moss SSSI into favourable condition, as they are both drying out the surface of the moss.

Vehicle access is restricted as it is not possible to cross the Swift Burn which means that the scrub must be cut by hand and the materials for the ditch blocking must be carried by hand for some distance. Further details of the specialist requirements are.....and the methodology to be used are .....

**Please provide a written explanation where only one or two quotes are provided.**
