**Part 2 – Your claim details for Farm Environment Assessment and specialist Moorland Management and Lowland Bog plans**

I/we wish to apply for financial assistance on the cost of carrying out the following (please tick):

**Farm Environment Assessment plan**

- a) For areas less than 50 hectares in size, a payment of £200
- b) For areas of 50 hectares up to 200 hectares in size, a payment of £400
- c) For areas greater than 200 hectares in size, a payment of £600

Note:

- If you have submitted an AECS agri-environment application for the first time, you can apply for an FEA payment
- If your only previous AECS agri-environment application was in the 2021 round, you can apply for an FEA payment. This is because a full FEA was not required in the 2021 round and FEA payments were not available
- If you have previously submitted an AECS agri-environment application in any year *except* 2021:
  - if your new application is on the same holding, and the holding is unchanged since the previous application, you cannot apply for an FEA payment
  - if your new application is on the same holding, but the holding now has additional land, you can claim an FEA payment for the additional hectareage only
  - if your new application is on a different holding, under the same BRN, you can claim an FEA payment

Payment is not available if you have had an Integrated Land Management Plan (ILMP) produced for your farm funded through the Farm Advisory Service. This would constitute double funding.

**Moorland Management Plan**

- a) For areas less than 50 hectares in size, a payment of £100
- b) For areas of 50 hectares up to 100 hectares in size, a payment of £200
- c) For areas greater than 100 hectares up to 200 hectares in size, a payment of £400
- d) For areas greater than 200 hectares in size, a payment of £600

### Lowland Bog Management Plan

a) For lowland bog management plans covering 10 hectares or greater a payment of £300

**Note: Moorland and Lowland Bog Management Plans:** you cannot claim a plan payment if you received a free site assessment report from a source such as NatureScot and if the report was sufficiently detailed that you or your agent did not need to carry out a site assessment when preparing the Management Plan. In this situation, claiming the Moorland or Lowland Bog Management Plan payment would constitute double funding.

Total cost claimed: £

**Part 3 – Declaration (to be completed by all applicants)**

I/we declare that I/we have read and understood the rules, conditions and requirements of the Agri-Environment Climate Scheme as detailed on the Rural Payments and Services website.

I/we understand that any false or misleading statement I/we make may result in the withholding or recovery of all or part of any payments.
