If an item you wish to purchase is not listed here and you are unsure of its eligibility please send the details to FFIS@gov.scot

A	
ELIGIBLE	NOT ELIGIBLE
Air drill for establishing cover crops	Access Trailer
Automated cattle foot cleaning system	Already owned items
Automated footbath	Animal feed
Automatic calf feeder	ATV Flail Mower
Automatic cattle weighing systems	ATV spreaders (fertiliser/lime etc)
Automatic cluster remover	ATV trailers
Automatic curtain system for livestock housing	
Automatic handheld teat washing unit	
Automatic milk feeder (calves/lambs)	
Automatic monitoring system for poultry housing	
Automatic Spray boom height controls	
Autosteering systems incl. electric motor based GPS autosteering	

B	
ELIGIBLE	NOT ELIGIBLE
Bale unroller for bale grazing	Bale wrapper
Blinds for livestock housing	Bale/feed trailer
Boreholes	Balers
Bracken control equipment	Basic agricultural equipment e.g. tractors, trailers, quads, farm handlers, forklifts, 4x4s, RTVs etc.
Bracken roller	Batteries
	Bee hives
	Bee keeping equipment
	Bird scarers
	Bale cutters
	Borehole pump, pipes and connections
	Brusiers

C	
ELIGIBLE	NOT ELIGIBLE
Cattle auto identification (ID) shedding gate	Cambridge rollers

LATEST UPDATE: 30 JUNE 2025

PLEASE NOTE: WE WILL PUBLISH A REVISED LIST OF ITEMS EVERY MONDAY AND WEDNESDAY.

Cactus guards for Silvopasture/Silvoarable tree planting	Cattle shelter
Calf creep gates/feeders	Chainsaw (electric or petrol)
Calf handling crate	CNC plasma cutter
Calf milk pasteuriser/dispenser	Computer hardware which is not solely required for the project, such as standalone pc, laptop, printer etc.
Calibrating trays for fertiliser spreaders	Computer software packages
Calving detectors	Concrete
Calving gate	Concrete panels
Camera guided inter row sprayer	Concrete railway sleepers for cattle handling
Camera guided spot sprayer	Contracting - items used in full or part for any non-agricultural business or domestic purposes (including agricultural contracting)
Cameras for monitoring livestock	Crash barriers for cattle handling
Castration and tail docking devices that minimise pain	Cubicles
Cattle clippers	Cultivation discs (standard)
Cattle crush (manual or automatic)	Cultivators with broadcasters
Cattle DIY artificial insemination equipment	Cultivators with over-seeders
Cattle handling	
Cattle head scoop	
Cattle weighing systems	
Central tyre inflation systems	
Chemical free disinfection system for dairy farms	
Chlorophyll meter	
Cluster flush	
Combi-Disc - multipurpose cultivator designed to subsoil, surface cultivate and consolidate in one pass	
Combine mounted weed seed reduction system	
Combine yield mapping	
Cover crop roller	
Cover crop seeder	
Cover or floating cover for slurry stores	
Cow catcher	
Crop-scanning technology	
Crutching handpiece	

LATEST UPDATE: 30 JUNE 2025

PLEASE NOTE: WE WILL PUBLISH A REVISED LIST OF ITEMS EVERY MONDAY AND WEDNESDAY.

D	
ELIGIBLE	NOT ELIGIBLE
Diet feeders weighing equipment (retro fit)	Deer fencing
Diet feeders with weighing system	Diesel tank
Digital weather stations	Diggers (any type)
Direct drill with/without fertiliser	Ditching and drainage
Dribble bars	Doors new or replacement
Drip irrigation systems	Draff/silage pits
Drones	Dual wheels
Drystone/flagstone dyke repair	Dung spreader
E	
ELIGIBLE	NOT ELIGIBLE
EID auto drench gun	Effluent tanks
EID handheld device with RFID/UHF technology for individual reading and recording of animals	Egg packing equipment
EID stick reader with RFID technology for individual reading of animals	Electric fence wire addition to existing stock fence
EID panel reader for livestock	Electric UTV
Electric fencing and energiser for paddock grazing	Equipment for a new hen houses
Electronic animal health monitoring systems	EV Tractors/Loaders
Electronic Livestock weighing equipment	Ex-demonstration items
Energy efficient LED lights	
F	
ELIGIBLE	NOT ELIGIBLE
Faecal egg counting microscope	Farm handlers
Feed bins for bulk feed (vermin/weather proof)	Farm office unit and equipment
Feeder auger bucket	Feed barrier replacement
Fertiliser spreader (with GPS/ variable rate application/headland /border spreading capability)	Feed bunker
Flow rate monitoring of slurry system	Feed/bale trailers
Foot trimming add-on to cattle crushes	Fence Post Drivers
	Fencing - permanent farm boundary fencing
	Fencing - permanent field boundary
	Fertiliser

LATEST UPDATE: 30 JUNE 2025

PLEASE NOTE: WE WILL PUBLISH A REVISED LIST OF ITEMS EVERY MONDAY AND WEDNESDAY.

	Fertiliser spreader (without GPS/ variable rate application/headland /border spreading capability)
	Field drain cleaner (PTO driven)
	Fixed sheep dipper
	Flail mower
	Flat rolls
	Food processing investments
	Forklifts
	Fuel

G	
ELIGIBLE	NOT ELIGIBLE
GPS guidance systems	General purpose trailer
Grain drying humidity controls and dehumidifiers	Grain Dryer Filling Hopper
Grain pedestal & spears	Grain Store
Grain protein monitor	Grass harrows (basic)
Grain temperature sensors	Grass rake/merger
Grassland aerator	Grass roller
Grassland Rejuvenator	Grass toppers
Grassland sward lifter	Grass/hay tedder
	Grassland broadcasters
	Grassland over-seeders
	Grubber

H	
ELIGIBLE	NOT ELIGIBLE
Hand push flail mower/roller for bracken control	Hard standings
Handheld sheep milker	Hay tedder/rake
Head scoop for cattle crush	Hedge cutter
Heat and service detection systems (incl. bolus/collars/ankle bands and base station)	Home built items
Herb and legume rich seed mix where the seeding will support maintenance of land for at least five years (e.g. pollinator mixes for field margins) - seed mix costs only	
High volume low speed ventilation fan	
Native hedge planting (incl. associated plant protection e.g. vole guards/stock proof/electric fencing) - materials only	

LATEST UPDATE: 30 JUNE 2025

PLEASE NOTE: WE WILL PUBLISH A REVISED LIST OF ITEMS EVERY MONDAY AND WEDNESDAY.

I	
ELIGIBLE	NOT ELIGIBLE
Inter-Row Cultivator	Irrigation lagoons (already funded through AECS)
Irrigation controller for rain guns	Items covered by an insurance claim
Irrigation sensors	Investments required to comply with existing statutory regulatory requirements e.g. slurry stores to meet minimum number of weeks storage.
	investments that have already received grant support
	Investments that are not expected to last 6 years following the Offer of Grant being made
	Items purchased from a supplier or manufacturer who you or your business are part of or linked to in any way

L	
ELIGIBLE	NOT ELIGIBLE
Lamb chute/cradle	Land purchase
Lamb creep gates/feeders	Like for like upgrades and replacements
Lightbar manual GPS guidance	Lime
Lighting system to control day length (photoperiod)	Lime spreader
Liquid fertiliser applicator for seed drills/planters	Livestock
Livestock handling systems	Livestock float box with/without decks
Low emission slurry spreading equipment	Livestock pen gates
	Livestock trailers

M	
ELIGIBLE	NOT ELIGIBLE
Manure analysis equipment	Minimum till drills
Measuring nitrogen levels in crops using light reflectance	Mobile sheep dipper
Metered applicator for granular pesticides, fertilisers and seeds (retro fitted)	Mobile sheep gates separate to handling system
Milk meters	Mole plough subsoiler
Minimum tillage cultivator	Mowers
Mobile calf milk pasteuriser and dispenser	

LATEST UPDATE: 30 JUNE 2025

PLEASE NOTE: WE WILL PUBLISH A REVISED LIST OF ITEMS EVERY MONDAY AND WEDNESDAY.

Mobile livestock handling systems	
Mobile or fixed slurry separators	
Multistage burners for grain drying humidity controls and dehumidifiers	

N	
ELIGIBLE	NOT ELIGIBLE
Nurse tank - slurry	

P	
ELIGIBLE	NOT ELIGIBLE
Pasture plate meter	Pen dividing gate
Pasture water pump	Polytunnel/Polycurb
Plate heat exchanger (PHE) for cooling milk (plate cooler) technology	Potable water bowser for crop spraying
Pond creation for wildlife	Power harrow
Portable shearing kit	Power harrow seed drill
Portable water bowser with trough	
Positive pressure tube ventilation systems	
Protective matting for poultry range or pasture	

Q	
ELIGIBLE	NOT ELIGIBLE
	Quads

R	
ELIGIBLE	NOT ELIGIBLE
Real time inline forage crop analysis	Renewable energy investments (including anaerobic digesters)
Real time inline nutrient analysis of slurry	Replacement feed barriers
Real time milk analysis	Replacement of already owned items (like for like)
Remote soil moisture sensing	Reseeding – grass to grass
Retro fitted yield monitoring for combines and other harvesters	Ring feeders
Robotic silage pusher	Ring rolls
Robotic slurry pusher/collector	Road grader
Rotating cow brush	Roofs - new or replacement
Rubber flooring mats for slatted floors, walkways and alleyways in livestock houses	Rotavator

LATEST UPDATE: 30 JUNE 2025

PLEASE NOTE: WE WILL PUBLISH A REVISED LIST OF ITEMS EVERY MONDAY AND WEDNESDAY.

S	
ELIGIBLE	NOT ELIGIBLE
Seed applicator (retro fit)	Second-hand items
Seed drills (with variable rate control/GPS ready/section control)	Self locking yoke cattle feed trailer
Self-locking feed barriers	Shallow minimum tillage cultivator with a seed hopper
Semen motility lifetime analyser	Shallow plough
Shallow slurry injection systems - slurry	Shed doors
Sheep conveyor	Sheds – including redesign of old sheds (such as converting to slatted housing)
Sheep handler	Sheep hurdles (sheeted/unsheeted)
Sheep shearing machines	Sheep shearing comb/cutter sharpening grinder
Sheep snacker feeders	Sheep shearing trailer
Sheep turnover crate	Silage pit covers, clamp sheets, cling seal sheets
Sheep weighing and drafting crate	Silage/Draff pits
Slat mats for livestock	Silo floors, walls, roofs
Slot seeders	Slat panel replacement for slatted cattle courts
Slurry aeration system	Slug pellet applicator
Slurry chopper pump	Slurry pump mixer
Slurry separators (mobile or fixed)	Slurry stores/storage
Slurry store cover or floating cover	Slurry tanker
Slurry store covers	Solar panels
Soil health - penetrometer to measure the degree of compaction	Species rich grass mixes
Soil health soil moisture meter	Sprayer (without variable rate control/GPS ready/section control)
Soil health soil pH meter	Sprays
Solar powered robotic drill and guided hoe	Stone picker
Solar power submersible water pump	Shear grab
Specialist foot trimming cattle crush or crush add on	
Spot sprayer or retro fitted camera guided spot spraying systems	
Sprayer (with variable rate control/GPS ready/section control) incl. liquid fertiliser	
Spring tine mechanical weeding harrow	
Squeeze crush (manually/hydraulically or pneumatically operated)	

LATEST UPDATE: 30 JUNE 2025

PLEASE NOTE: WE WILL PUBLISH A REVISED LIST OF ITEMS EVERY MONDAY AND WEDNESDAY.

Straw bedder	
Straw rake	
Strip till drills	
Stubble rake	
Subsoiler	

T	
ELIGIBLE	NOT ELIGIBLE
Native tree planting (or fruit trees for agroforestry), including tree protection and cactus guards or stockproof/electric fencing - materials only	Tractors
Tail docking and castration devices that minimise pain	Trailers
Temperature and humidity sensor (livestock housing)	Telehandlers
Tine harrows with seedbox	Tedders
Trailing shoe system for slurry application	Tyres (incl. VF and Flotation)

U	
ELIGIBLE	NOT ELIGIBLE
Umbilical systems for slurry application - incl. pumps	Ultrasound scanner
Underground irrigation piping (including sensors)	UTV

V	
ELIGIBLE	NOT ELIGIBLE
Vaccination gun with RFID Reader for vaccination of livestock	
Variable rate controller for sprayers and fertiliser spreaders (retro fit)	
Variable speed driver for grain drying humidity controls and dehumidifiers	
Ventilation improvements of sheds	
Vermin proof feed storage bins	
Virtual fence – grazing collars	

W	
ELIGIBLE	NOT ELIGIBLE
Water bowser with trough to support paddock grazing	Water tank storage

LATEST UPDATE: 30 JUNE 2025

PLEASE NOTE: WE WILL PUBLISH A REVISED LIST OF ITEMS EVERY MONDAY AND WEDNESDAY.

Water harvesting and filtering equipment	Water troughs and pipe - sheds
Water heater to heat water for milk equipment	Wooden railway sleepers - cattle handling
Water trough for rotational grazing	Workshop Equipment
Water troughs and pipe - fields	
Water UV treatment system	
Weed wiper	
Weigh bars/platforms	
Weighing system for agricultural trailers	

Y	
ELIGIBLE	NOT ELIGIBLE
Yield monitoring retro fitted system for combine or forage harvester	

Z	
ELIGIBLE	NOT ELIGIBLE
	Zero grazers
