

Addendum – IACS 1a booklet

Annex 5

Agri-Environment Climate Scheme - options for annual recurrent grants.

Page 51

Summer Hill grazing of cattle should be claimed as hectares (ha.) and not units

Summer Hill grazing of cattle	AEC101-42	ha.
-------------------------------	-----------	-----

NB. Your Schedule of Works should have been corrected to show hectares. If it is still showing units, multiply the value by 20 to convert it to hectares (ha.), then use that value when completing column S on the IACS 3 (permanent land) or column W on the IACS 5 (common grazing) data sheets.
