

Food Processing Marketing and Cooperation 2021-2024 Awards

ROUND 1 – DECEMBER 2021

Capital Projects

Business Name	Local Authority	Gross Costs	Award	Sector	Description
A Massie and Son	Moray	£121,339.67	£48,535.87	fruit & veg	Project is concerned with the addition of a technically advanced dust extraction system for the high-speed potato grading and packing lines that were the subject of a previous 2018 FPMC award.
P Marshall & Co Ltd	Perth & Kinross	£152,802.94	£61,121.18	fruit & veg	Project is for the purchase and installation of a water cooling and grading system for cherries.
W & R Logan	East Lothian	£1,324,897.00	£529,958.80	fruit & veg	To upgrade its Brussel sprouts processing facilities and increase its capacity to store potatoes. The project consists of both building work and the purchase/installation of state-of-the-art sprout pre-packing equipment
Ian G Rae	Moray	£2,619.60	£1,047.84	fruit & veg	Proposed project is the replacement of the current strawberry chill cabinet with a more efficient and digitally controlled refrigeration system.
Albert Bartlett & Sons (Airdrie) Ltd	North Lanarkshire	£317,871.00	£127,148.40	fruit & veg	Proposed project is concerned with the implementation of an optical sizing and quality grader that will operate on two lines at the company's fresh potato processing Airdrie facility.
J R Graham Ltd	Fife	£1,487,300.00	£520,555.00	fruit & veg	Proposed project is concerned with the construction of a four-compartment shed at Drumtenant Farm near Ladywell in Fife. This will include two chills, which can each hold 2,400 tonnes of produce and two ambient areas.

Benzies (Partnership)	Aberdeenshire	£1,205,326.00	£482,130.40	fruit & veg	Proposed project will cover both building works and plant and equipment. In terms of building works, the business would like to build a packing store/workshop/tray wash area (approx. 24M x 30M) as well as a new chill store to support the processing and packing of value-added prepared vegetable products and increase storage capacity. It also wants to improve road access to the facility.
Eyemouth Freezers Ltd	Scottish Borders	£301,075.00	£120,430.00	fruit & veg	Project is concerned with the installation of a colour sorter at the Eyemouth Freezers processing site.
East Neuk Orchards	Fife	£33,426.71	£13,370.68	fruit & veg	To purchase a mill wash, belt press, collection tank, pump and other tanks, four head gravity filler and data logger for apple juice processing.
J P Gray & Son	Angus	£1,850,369.15	£673,085.00	fruit & veg	To create a new potato and broccoli/cauliflower packhouse facility to enable potatoes, grown at both the farm and by other local potato growers, to be sorted using optical sorting technology on site.
J H Hamilton & Sons	East Lothian	£860,580.50	£344,232.20	fruit & veg	The construction of new buildings and installation of new equipment to improve the efficiency of the company's potato storage, sorting, and handling facilities.
Stoats Porridge Bars Ltd	Midlothian	£291,520.00	£58,304.00	cereal	To purchase install a second protein bar processing line.
A P Grewar Partnership	Perth & Kinross	£743,774.67	£223,132.40	cereal	Proposed project is concerned with the extension of a grain store at East Ardler farm near Blairgowrie in Perthshire.
Oat Company Scotland	Aberdeenshire	£261,054.40	£104,421.76	cereal	The only BRC accredited mill in Scotland specialising in regenerative and sustainable gluten free Oat growing and milling. It wishes to upgrade its packaging operations with the addition of an automated packaging machine, palletiser and pallet storage racking.

Simon Howie Butchers Ltd	Perth & Kinross	£798,980.00	£279,643.00	meat	Proposal is to augment previous capacity and efficiency gains by increasing automation. This is to be implemented across all current processing lines in order to uplift production volumes, increase productivity and thereby restore margins.
Brown Manufacturing Limited	Dumfries & Galloway	£2,180,332.61	£763,116.41	meat	Project comprises a factory extension and new equipment at its Kirkconnel site (Brown Brothers) as well as the purchase and installation of new plant and equipment at its Prestwick site (Halls of Scotland) and North Berwick site (Fenton Barns).
ABP Perth	Perth & Kinross	£3,879,320.70	£1,357,762.25	meat	Project involves the complete renovation of the existing boning hall, which will house the new state-of-the-art Pace lines also to be purchased as part of this project, comprising of smooth, continuous belts, ergonomic workstations, x-ray detection system and associated trim management conveyors.
Highland Meats – A Division of Dunbia (UK)	North Ayrshire	£612,534.00	£245,013.60	meat	This application is for FPMC grant support for phase 1 and a second application will be submitted in the next round to support phase 2. The capital equipment that the business wishes to purchase and install as part of this phase 1 application is as follows: Slaughter Line Upgrade, DAF Plant Upgrade and Rainwater Harvesting.
Damn delicious Limited	South Lanarkshire	£255,223.08	£102,089.23	meat	For the development of a new building comprising a modern butchery, bakery, packing area, chills, staff room and toilets.
The Firm of Corstane	Scottish Borders	£72,099.00	£28,839.60	meat	To convert an agricultural building on the farm into a space where it can chill, process, package and store meat products for direct sale to customers.

Howden Eggs Ltd	East Lothian	£121,640.00	£48,656.00	eggs	Proposed project is concerned with investment in the company's egg packing equipment, specifically the project will involve the installation of an automatic egg packing machine, a palletiser, a carton packing module, and the required conveyors for the new machines (the equipment forms a single integrated packing unit).
Cairngall Farms	Aberdeenshire	£606,022.00	£181,806.60	dairy	Proposed investment will include conversion work to create a milk processing building, a bottling line building and a packaging store on the farm. Equipment to be purchased includes boiler plant, a filling line, three milk silos, compressors and a glycol cooling system. Six transport tanks will also be needed to transport milk to the vending machines and are included in the budget.
Highland Fine Cheeses Limited	Highland	£185,765.93	£74,306.37	dairy	Project will involve the installation of a packing line for brie, a milk silo, a whey splitter, and a finished goods/ dispatch shed.
Hargreaves Farming Co Ltd	Highland	£48,000.00	£19,200.00	dairy	To install a self-contained unit that is pre-setup and fully equipped to enable the pasteurisation and processing of the milk into marketable sheep milk, cheese, yoghurt and ice-cream.
Errington Cheese Limited	South Lanarkshire	£44,462.00	£17,784.80	dairy	The conversion of an existing blue cheese maturing room into four separate units for the production of lactic goats milk cheese. The rooms will be built with specialist hygiene panels and the refrigeration system will be designed and specified by a specialist refrigeration engineer.
Yester Farm Dairies Ltd	East Lothian	£48,050.00	£19,220.00	dairy	The installation of nitrogen generating equipment and label printing.

Graham's the Family Dairy Group Ltd	Stirling	£2,961,660.51	£1,184,664.20	dairy	Investment in new equipment at the Glenfield Dairy in Cowdenbeath including: New ultra-filtration plant with heat exchangers to increase the production of Skyr and Quark. Three new mixing tanks to support the increase in production of Skyr and Quark. One new Skyr pouch filler to increase production of 'on the go' Skyr as a substitute to sugary snacks. One new cottage cheese packing machine to increase production. Two new reverse osmosis systems to concentrate whey, for reuse, from cottage cheese and Skyr/Quark production. Automation of packaging and dispatch lines to improve production efficiencies, volumes and reduce waste.
Mackintosh of Glendaveny Limited	Aberdeenshire	£244,178.00	£48,835.60	other (rapeseed)	To support purchase of equipment to remove existing and potential bottlenecks in the process. The company intends to purchase and install a robot palletiser, a capping machine, interim product storage tanks, and packing system conveyors. Work also includes necessary upgrades to flooring and electrical works to support this new equipment.

Non-Capital Projects

Business Name	Local Authority	Gross Costs	Award	Sector	Description
Angelic Free From Limited	Highland	£32,645.00	£16,322.50	cereal	To invest in new packaging and design and print set up, updates to its website and e-commerce, a PR launch campaign and a social media launch campaign. Each of the elements of marketing support will be outsourced and use external consultancy expertise.

ROUND 2 – NOVEMBER 2022

Capital Projects

Business Name	Local Authority	Gross Costs	Award	Sector	Description
Trade Solutions	Perth & Kinross	£1,550,175.00	£620,070.00	fruit & veg	Soft fruit processor based in Blairgowrie, the project involves the construction of a new fruit storage, packing and defrosting facility. The new building will also include laboratory space and staff welfare facilities.
J Rhind & Co	Moray	£413,925.00	£165,570.00	fruit & veg	Project comes from a potato grower, and involves upgrading the packaging line with highly automated grading and packaging equipment. This includes a new grading line to ensure consistent size and removal of damaged product.
A M McLaren & Co	Fife	£968,496.42	£387,398.57	fruit & veg	Project involves investment in purpose-built grading and storage facilities which will increase capacity and efficiency.
Blackhills Farm Partnership	Aberdeenshire	£679,333.00	£271,733.20	fruit & veg	The applicant is a potato grower, and the project involves the construction of a new pack house and installation of new packing equipment including a technically advanced pack line and multi-head weigher
John Bryden (Potatoes) Limited	Perth and Kinross	£206,697.70	£82,679.08	fruit & veg	A potato and cereal grower based in Perthshire, seeking to replace some of its existing refrigeration units, install a multi-head weigher, conveyors and robotic palletising system to improve packaging of potatoes.
Albert Bartlett & Sons (Airdrie) Limited	North Lanarkshire	£799,234.00	£319,693.60	fruit & veg	Project involves the purchase and installation of two optical sizing and quality grader machines that will operate on two lines at the company's fresh potato processing facility.

Fairlie Farming Company	Angus	£737,477.00	£294,990.80	fruit & veg	A family farmed arable unit in Angus that produces, packages and markets a variety of crops. It is seeking funding to create a new potato grading and washing facility with onsite optical sorting. The company is seeking a specific, advanced optical sorting technology that can sort for quality, skin finish and colour, which has not historically been possible on unwashed potatoes.

Katy Rodger's Artisan Dairy	Stirling	£41,062.79	£16,425.12	dairy	For the purchase and installation of an external walk in fridge and freezer, a commercial fruit cooking machine and a pot filler and conveyor.

Non-Capital Projects

Business Name	Local Authority	Gross Costs	Award	Sector	Description
Scottish Islands Abattoir Association	Shetland	£62,000	£43,400	meat	For a feasibility study to consider how the economic sustainability of the abattoirs could be ensured and their levels of operation improved and increased.

ROUND 6 – NOVEMBER 2017

Capital Projects

Business Name	Local Authority	Gross Costs	Award	Sector	Description
James Taylor & Son	Moray	£350,495.12	£140,198.05	fruit & veg	Grader and packer of seed and ware potatoes based near Forres. This application is for the purchase and installation of new technically advanced potato grading equipment.
Caledonia Cider Co.	Angus	£128,334.36	£51,337.74	fruit & veg	New start enterprise, based at East Adamston Farm in Muirhead, which has been established to process apples for juice and cider production. Project is to upgrade an existing farm building into a food compliant production facility and install fruit processing and storage equipment.
J P Gray & Sons	Angus	£769,732.97	£230,919.89	fruit & veg	Fruit and vegetable grower based in Carnoustie. Application seeks funding for a specialist vegetable packing and storage facility. Specifically it includes a vegetable cold store, with a rapid cooling tunnel and vegetable packing line for asparagus, cauliflower, broccoli and other vegetable crops.
The Start-Up Drinks Lab	Glasgow	£74,692	£14,938.40	fruit & veg	Inverclyde based start-up seeking to establish a small scale manufacturing facility that can be used by start-ups and small/medium sized drinks businesses (soft drinks) in Scotland and the wider UK. Equipment and installation includes: filling, capping and labelling machinery, pumps, carbonator, pasteuriser, mixers, water tanks, scales, bottle washer, conveyor belt, pallet truck, cleaning equipment, storage racks and other kitchen equipment.

D A Baillie & Sons	Perth & Kinross	£326,920.00	£98,076.00	fruit & veg	Project is to extend potato storage facilities by creating new cold storage facilities to enable the business to better meet market demand for premium chilled and graded "soft skin" potatoes by extending availability over a longer period.
Castleton Fruit Ltd	Aberdeenshire	£970,156.59	£291,046.98	fruit & veg	Farming business seeking to invest in an optical blueberry grader and packing line. Will enable strawberries and raspberries to be packed during the early and mid-season and blueberries in late season, and increase efficiency as well as grade blueberries for different markets. It will also extend the berries eating quality and shelf life.
Trade Solutions (Scotland) Ltd	Perth & Kinross	£976,083.17	£390,433.27	fruit & veg	Proposal is from a soft fruit processor in Blairgowrie for building works and the installation of new fruit refiners/extractors, associated reception equipment and a new "bag in a box" aseptic technology for smaller packs.
Thomas Elder	East Lothian	£99,471.00	£39,788.40	fruit & veg	Arable farming business seeking to upgrade existing process by installing a semi-automated cleaning system on potato/vegetable grading line.
M A & M P Stockwell	Fife	£1,824,720	£729,888	fruit & veg	Farming business seeking investment in a new packhouse and packing line to allow the business to process and pack soft fruits, including building work to erect a cold store. Plant and equipment will include a refrigeration system, tunnel, packing conveyor, weigh stations and heat sealer.
WFM Brown Ltd	Orkney	£731,038.35	£146,207.67	cereal	Small island bakery seeking to build a larger customer designed bakery with warehouse, office, staff facilities and car parking. Funding is sought for building works, land purchase, and 20 new plant and equipment. The new building will enable the business to become SALSA accredited and open up national routes to market.

Ardgowan Distillery Company Limited	Inverclyde	£9,827,230.39	£982,723.04	cereal (distillery)	Proposal is for the development of a whisky distillery on the Bankfoot site at the Ardgowan Estate. This is phase 1 of the project and includes the new distillery, boilerhouse, tank farm, office space, Sustainable Urban Drainage System pond, staff car park and access road. The wider project (not subject to this application) will also include a visitor centre, retail space and additional car parking.
Brown Brothers (Manufacturing) Limited	Dumfries & Galloway	£4,016,206.67	£803,241.33	meat	Proposal is for the construction of an extension to the company's food processing facilities at Kirkconnel and installation of technically advanced plant and equipment. In addition to building works, the plant and equipment to be purchased includes a vacuum massager, lacerator, four cookers, 2 dolav washers, 50 cooking racks, 10 stainless steel tables and scales.
Duncan Farms Limited	Aberdeenshire	£1,425,940.70	£570,376.28	eggs	Proposed project is to significantly increase the capacity of Duncan Farms egg production facility at Newton of Fordrie. The project will see the construction of a new building extension (not refurbishment of existing buildings) and installation of new robotic plant and equipment. Building works will create additional packing and chilled storage capacity that will house state of the art robotic packing lines capable of detecting leaky or dirty eggs, orienting for packing, UV disinfection, blood detection and ink jet coding. Automated grading systems will be supplemented by the addition of a packing robot, top loader, pallet wrapper and motorised pallet trucks.

1994 Enterprises Ltd (Butter Boys)	Edinburgh	£369,721.21	£147,888.48	dairy	An entrepreneurial start up in Midlothian that will create a new premium quality Scottish salted and unsalted butter and buttermilk to meet a market opportunity that has been identified. The project involves the upgrade of part of an existing dairy (Bonaly Dairy) and install new plant and equipment. They will trade under "The Butter Boys".
------------------------------------	-----------	-------------	-------------	-------	---

Non-Capital Projects

Business Name	Local Authority	Gross Costs	Award	Category	Description
The Brewers Association of Scotland (TBAS)	Edinburgh	£80,000	£40,000	Cereal (brewing)	Proposal the Brewers Association of Scotland (TBAS) and is seeking grant support to take 20+ exhibitors to each of two trade shows identified as creating new opportunities to achieve new routes to market. These are Imbibe (Europe's largest on-trade exhibition) in July 2018 and Bar & Pub Show (co-located with the Restaurant Show) in October 2018. Both take place at Olympia in London.

ROUND 7 – APRIL 2018

Capital Projects

Business Name	Local Authority	Gross Costs	Award	Sector	Description
W & R Logan Partnership	East Lothian	£844,280	£337,680	fruit & veg	Farming business in East Lothian seeking to upgrade its Brussel Sprout processing facilities. This application is for a sprout processing line.
Scotchip Ltd	East Lothian	£322,907.27	£129,162.90	fruit & veg	Potato processor seeking to increase capacity, reduce costs and improve the internal fabric of its building to meet BRC accreditation standards and includes construction of a building extension to accommodate a larger workforce, insulated and washable walls, resin floor and some equipment for processing potatoes.
Peter Marshall & Co	Perth & Kinross	£178,330	£71,332	fruit & veg	Third generation farming business based in Alyth, Perthshire. The business is proposing a diversification project to convert an agricultural shed to a freeze unit and small food processing unit to produce frozen fruit and smoothie packs.
Foggie Maltings Limited	Aberdeenshire	£1,175,311	£470,124.40	cereal	To develop a new artisan, organic malting facility on an organic farm in Turriff. It will upgrade an existing building and install plant and equipment to produce premium quality organic malt.
Crafty Maltsters Ltd	Fife	£350,115	£144,046.04	cereal	Proposal is in support of capital equipment and building works to create a new maltings facility on site at Demperton Farm, Auchtermuchty.
Highland Brewing Company Limited	Orkney	£518,955.80	£103,791.16	cereal (brewery)	Swannay Brewery in the north west of Orkney proposes to increase production facilities at the brewery by investing in plant and equipment.

Scotbeef Inverurie Ltd	Aberdeenshire	£20,692,859	£4,000,000	meat	The construction of a new state-of-the-art abattoir and meat processing facility at Inverurie.
ABP Perth	Perth & Kinross	£17,648,409	£4,000,000	meat	To create new buildings that will house a large extension to the deboning hall, pallet chilled storage area, offal holding areas, dry goods stores and the creation of staff welfare areas.
2 Sisters Poultry Limited	Perth & Kinross	£4,631,387.90	£1,389,416.37	meat	To substantially increase the proportion of birds that are retail packed at its Couper Angus site including the purchase and installation of processing plant and equipment.
Arbuckle Poultry Ltd	Angus	£100,235	£40,094	eggs	A poultry business on Lundie Castle Farm site, Dundee propose to invest in egg packing units, access road and HGV turning area.
The Buffalo Farm	Fife	£1,440,658.20	£576,263.28	dairy	A Fife farming enterprise wishing to diversify from buffalo meat to creating a range of dairy products using buffalo milk from a herd of milking buffalo. Costs include an new building, road construction and plant and equipment for milk processing.
Yester Farm Dairies Limited	East Lothian	£439,384	£175,753.60	dairy	A milk processor and retailer based in East Lothian for a major expansion and upgrade of its processing facilities to double the throughput of milk.
Finlay's Farm Ltd	Dumfries & Galloway	£399,596.24	£159,838.49	dairy	To create a modern cheese making and storage facility in a traditional stone built building at Rainton Farm, Dumfries and Galloway, including building works and the purchase and installation of cheese making equipment.

ROUND 8 – DECEMBER 2018

Capital Projects

Business Name	Local Authority	Gross Costs	Award	Sector	Description
Stirling Potatoes Ltd	Angus	£1,794,329	£538,298.70	fruit & veg	A small family run business growing potatoes, vegetables and cereals on its farm in Angus. Extending a building for use as a processing site; processing equipment.
Growers Garden Limited	Fife	£1,816,740	£363,348	fruit & veg	The company plans to develop a new line of crisps using fresh broccoli. Funding given to support the erection and fitting out of a food-grade building for manufacture of the crisps and purchase of processing equipment.
Ardler Potato Co-operative Limited	Perth & Kinross	£2,777,633	£555,532.60	fruit & veg	The establishment of an advanced potato washing and grading facility that will provide a service to around 10 local growers.
Mackies of Taypack Limited	Perth & Kinross	£1,188,514.46	£356,554.34	fruit & veg	The company plans to purchase a 1,000kg/hour fryer and add an additional flavouring unit.
D A Baillie & Sons	Perth & Kinross	£145,510.16	£43,653.05	fruit & veg	The project includes investment in specialist ventilation equipment, in the form of a suction (or drying) wall, which will allow for even distribution of air throughout the potato store. Conveying & bagging equipment, automated palletiser and wifi equipment is also included.
A Massie & Son	Moray	£868,146.62	£260,443.99	fruit & veg	The construction of a new potato input unit at Milton of Grange Farm near Forres in Moray to replace its current facilities and better respond to the grading & packing requirements of its key customers for salad and table potatoes.

Mackintosh of Glendaveny	Aberdeenshire	£481,545.50	£192,618.20	cereal	This proposal comes from a rapeseed oil producer based in Aberdeenshire. The project includes some building refurbishment and new processing/packing equipment.
Agricultural Management Haddington Ltd	East Lothian	£252,503	£101,862.12	cereal	The proposal is to upgrade primary processing facilities to increase quality and volume of oats supplied thereby securing future business. Project includes new grain storage facilities, dressing and handling equipment on site.
Millers of Speyside Limited	Highland	£93,437	£37,374.80	meat	An abattoir and meat processing facility in Grantown on Spey in the Scottish Highlands. The construction of a new multi-functional building (steel portal frame) that will provide centralised storage for dry goods and deliver modern and expanded quality control offices and a dedicated training room.
Quality Pork Processors Limited (QPP)	Angus	£1,863,218	£558,965.40	meat	This proposal relates to the Brechin abattoir site and seeks funding to support the first stage in a larger investment programme for the site. The business has identified five key elements of investment that can make an immediate impact on operations.
Caley Walton Partners	Scottish Borders	£176,902.94	£70,761.17	meat	An organic farming business in Berwickshire that has an on-farm butchery producing prepared meats and added value meat-based products. Including the building of a new food processing module (20m x 8m) that will include a walk in freezer, hanging room, cooking space, ingredient preparation space, new packaging area and some new processing equipment.

The Ardgay Game Factory Ltd	Highland	£305,294.12	£122,117.65	meat	This proposal has come from a business processing wild venison and small game that is seeking to increase the size and capacity of its facility. The project includes costs for building works and plant & equipment.
Kepak Group Limited	Aberdeenshire	£5,404,176.44	£1,621,252.93	meat	The proposal is for significant upgrades to the former 2 Sisters red meat processing site at Portlethen in the North East of Scotland, including building works and the purchase of plant & equipment.
Duncan Farms Limited	Aberdeenshire	£1,485,938.55	£445,781.57	eggs	This proposal comes from a farm business based in Aberdeenshire to expand its egg packing facility.
Aberdeen & Northern Eggs Ltd	Aberdeenshire	£2,383,859.56	£715,157.86	eggs	This project is to increase grading and packing capacity to allow the business to meet future growing demand and provide it with the packaging flexibility to allow a wider range of products (e.g. mixed weight packs) to be produced to maximise value from all the eggs produced by Farmlay or bought in from contract producers.
Aberbothrie Potatoes Limited	Perth & Kinross	£133,906	£53,562.40	eggs	This diversification project is part of a wider egg production project and will include building works and grading and packing activities.
AH & HA Brown	Dumfries & Galloway	£306,702.90	£122,681.16	dairy	This business manufactures a range of organic cheeses at Millairies Farm near Newton Stewart. The project will expand production and allow new products to be developed. The proposed investment includes building work, utilities and equipment.

Graham's the Family Dairy Group Ltd	Stirling	£3,410,258.91	£682,051.78	dairy	The proposed investment covers multiple building works at two sites and also plant & equipment. One of the sites (Glenfield) requires building work for both the dairy , logistics depot and plant & equipment.. At the other site (Airthrey) the proposed building works is aimed at rebuilding a section of the dairy to provide additional office space, distribution facilities, engineering workshops and storage.
West Beverages Ltd	Glasgow	£4,041,586.19	£808,317.24	other (drinks)	This proposal comes from a new business venture seeking to set up a world- leading flexible drinks manufacturing facility that can produce and package high quality beers, ciders, soft drinks and craft spirit brands.

ROUND 9 – MARCH 2020

Capital Projects

Business Name	Local Authority	Gross Costs	Award	Sector	Description
Nessgro Limited	Highland	£779,175.48	£233,752.64	fruit & veg	To purchase and install a range of technically advanced plant and equipment to allow it to increase capacity to meet the demands of its current customer base and to increase the shelf life to support customers' need for reduced waste.
Benzies (Partnership)	Aberdeenshire	£1,328,219.60	£398,465.88	fruit & veg	To diversify from retail packing to further processing of vegetables using out of spec and damaged carrots and potatoes where possible to reduce waste.
Kettle Produce Limited	Fife	£943,753	£283,125.90	fruit & veg	To increase the number of lines and products of ready to cook vegetables. Want to invest in quicker running machinery to make lines more efficient.
R Todd & Co	Fife	£815,903	£244,770.90	fruit & veg	To purchase modern packing lines to increase the volume of fruit, reducing wasted fruit and ensuring higher quality.
Knockfarrel Produce	Highland	£39,031.98	£15,612.79	fruit & veg	To build and equip a new processing unit, to increase production capacity for its existing vegetable, fruit and pork products.
C C McIntyre Farming	Fife	£294,076	£88,222.80	fruit & veg	To construct a small packing shed and install a single packing line.
Stewarts of Tayside Limited	Perth & Kinross	£1,165,474	£349,642.20	fruit & veg	To enhance swede processing and cold storage facilities due to a significant increase in the retail swede business.
M A & M P Stockwell	Fife	£825,392	£247,617.60	fruit & veg	For investment in the construction of a new cold store as well as the purchase and installation of refrigeration equipment.

Denhead Farms	Perth & Kinross	£1,018,227	£305,468.10	fruit & veg	To build and equip a new facility for the drying and dicing of vegetable waste (broccoli stalks or misshapen carrots), creating new products and adding value.
FIMM Potatoes Limited	Perth & Kinross	£1,269,563	£380,868.90	fruit & veg	To purchase and install an optical potato grading machine.
Melrose Farms	Aberdeenshire	£1,140,785	£342,235.50	cereal	To build a facility for dressing, drying and storage of oats.
