

What's new for 2017?

This is an old version of the page

Date published: 23 December, 2016

Date superseded: 11 January, 2018

The majority of Cross Compliance requirements continue to apply as they did in 2016.

There are however some changes to SMR 7 – Cattle Identification and registration, as summarised below.

- removal of passport requirements: 'You must produce a signed and valid passport for every animal in your care on request' and 'You must not alter or deface a cattle passport'
- addition of ScotMoves notifications
- update to timescales for recording movements in your herd register

Please see the SMR 7 – Cattle Identification and registration page, for the most up-to-date requirements.
